GRADE 2

All three areas of programming at the Center for Puppetry Arts (performances, Create-A-Puppet Workshops and Museum exhibits) support educational standards across the curriculum.

A visit to the Center for Puppetry Arts supports classroom learning in the following ways:

1) It encourages higher-level thinking skills and rich conversation as students analyze how their lessons are a part of the puppet play/workshop/Museum exhibits.
2) It introduces live performance as a type of text.
3) It provides a living, breathing example of the blend of informational and literary text.
4) It presents new academic vocabulary.
5) It reinforces content-area knowledge.
